What's the name of the game?
Oh whoa-oh, oh yeah!

Age of time
looking through the windows
it's the age of time
travelling through the world
Age of time
leaves no room for longing
for a love like blood in me
a love like blood that never dies.

What's the name of the game?
Thinking about our story.
What's the name of the game?
Honey don't you worry!
You're the code to my heart.
Be my own redeemer
what a combination baby.
I wanna be.
What's the name of the game?

Young at heart
I know what we're needing
but the age of time
is spreading through the world
God takes shape.
Who can run the game now,
but the love like blood in me?
A love like blood that never dies.

What's the name of the game?
Thinking about our story.
What's the name of the game?
Honey don't you worry!
You're the code to my heart.

Be my own redeemer
what a combination baby.
I wanna be.
What's the name of the game?

What's the name of the game?
I stand in the line
and do as I'm told
but burning within is you.
I'll follow you today
I'll follow you today
I'll follow you
I'm your disciple
a love like blood that never dies!

What's the name of the game?
Thinking about our story.

Honey don't you worry!
You're the code to my heart.
Be my own redeemer
