Nothing left for me to say...

I saw you there  
looking at her  
That's just the way  
It's always been with you

You're not a boy  
you promised to be  
but I'm on my way  
No matter anymore

Yes, I was young  
Sorry 'bout it  
It's not your fault  
That life doesn't roll free

I'm not for you  
and you're not for me  
but I still believe  
wishing you all the best

I bet you know you break my heart  
I bet you knew it from the start  
So why don't you just walk away  
Nothing left for me to say

I bet you know you break my heart  
I bet you knew it from the start  
So why don't you just walk away  
Nothing left for me to say

I'm sleeping alone  
and you are not here  
You always say  
that you will be there for me

You yelled at me  
and I yelled at you  
But in the end  
Love ....

Be a good boy  
with your new friend  
but you'll never say  
that you'll be there for her

I'm not for you  
and you're not for me  
but I still believe  
wishing you all the best

Never told you  
that I love you so  
It's so hard for me  
to let it go

But I still believe  
I'll be all right  
You make me stronger  
You made me stronger

You give me love...

I bet you knew you break my heart  
I bet you knew it from the start  
So why don't you just walk away  
Nothing left for me to say

I bet you knew you break my heart  
I bet you knew it from the start  
So why don't you just walk away  
Nothing left for me to say

There's nothing left for me to say  
There's nothing left for me to say  
There's nothing left for me to say  
There's nothing left for me to say

(I bet you knew you break...  
I bet you knew you break...  
oooh)

Sorry. I'm missing one end of a line. Love decreases..? Love \_\_\_ us through?

If anyone gets this chunk, please let me know in the comments and I'll try to fix it.
