"Death Of A Bride"

Death, blood, murder
the crime has been done
where has the time gone

A lonely groom
a hypocritic man
a suicidal daughter

The damage has been done
what the hell went wrong
we never thought this would happen

But we can't go back in time
this man is left alone on his wedding day
left alone on his wedding day

Death, death, death
Death, death, death
Death, death, death
Death, death, death
Death, death, death
Death, death, death
Death, death, death
Death, death, death
Death, death, death
Death, death, death

Death of a bride
she's gone forever
where has the time gone

The murder of a women
the death of a bride
DEATH OF A BRIDE
