I've got to let it out, baby here's my confession
My hands are shaking and it's close to obsession
This pounding in my chest been going 24/7
You'd think the pain, by now, would make me learn my
lesson

If there's no way to win, then I'll push you away
But I'd do anything if you ask me to stay

I'm so addicted
You're everything I want
No complication
You know you had me from the jump
I'm so addicted
Do what you wanna do
I'm committed - addicted to you

It's cruel to call it love when it's lust and desire
I feel like I can fly, then you're cutting down the wire
Even though I know I'm sinking lower by the hour
Can't change the fact that I'm a slave to your power

My life is a lock and you hold the key
And you tighten the chains when I try to break free

I'm so addicted
You're everything I want
No complication
You know you had me from the jump
I'm so addicted
Do what you wanna do
I'm committed - addicted to you

You've given enough just to let me breathe
You keep me alive just to watch me bleed
I crawl down on my knees for you
You've made damn sure that I won't forget
Your love's a drug I could never quit
All the things that you do, you do, you do

If there's no way to win, then I'll push you away
But I'd do anything if you ask me to stay

I'm so addicted
You're everything I want
No complication
You know you had me from the jump
I'm so addicted
Do what you wanna do
Committed - addicted to you

I'm so addicted
You're everything I need
My medication
You're the lie that I believe
I'm so addicted
There's nothing I can do
I'm committed - addicted to you

Addicted, committed, addicted to you
Addicted, committed, addicted to you
Addicted, committed, addicted to you
Addicted, committed, addicted to you
