### "Nowhere"

Bound to find a way  
To succeed or so they say  
Heading for a place  
Nowhere  
Try to be yourself  
Or become a better man  
Stumbling in your steps  
Trying hard and then forget

Ooh it's so long  
So long and vain  
Ooh it's so long  
One way down to nowhere

Hard to realize  
Once you live and once you die  
Try to make some sense of it all

Ooh it's so long  
So long and vain  
Ooh it's so long  
One way down to nowhere

Bound to find a way  
To succeed or so they say  
Heading for a place  
Nowhere
