They say men are from Mars, women are from Venus  
Girl tell me where you came from, cause I never seen it  
I'm so caught in a maze, and I can't seem to get out  
It's like I'm hypnotized, by her booty lips and thighs

You must be from another planet, planet, oh girl  
By the way you're teasing me girl, I can't stand it, oh  
yea

Out of all these girls in here girl you're the baddest  
You cut me apart girl, you got my intention, yeah  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Caught up in a daze, , tell you what I gotta do  
I'm trying to get next to you  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor

I can't seem to put my finger on how you make me feel  
When I look into your eyes it's like you make me high  
And I don't wanna come down, girl I'm blessed  
I can't seem to hold out no more, and girl you must be

You must be from another planet, planet, oh girl  
By the way you're teasing me girl, I can't stand it, oh  
yea

Out of all these girls in here girl you're the baddest  
You cut me apart girl, you got my intention, yeah  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Caught up in a daze, , tell you what I gotta do  
I'm trying to get next to you  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor

It's like the whole universe is coming on to ,  
So bring me up to your spaceship, to be with you  
..way, where you want

We can make the galaxy, just for you and me girl,

Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Caught up in a daze, , tell you what I gotta do  
I'm trying to get next to you

Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Your body's so out of this world, out of this world  
Girl you hit me like a meteor, hit me like a meteor  
Hit me like a meteor, hit me like a meteor

I didn't see it coming girl

When you hit me like a meteor, hit me like a meteor.
