Tonight we ride into the skin  
Tonight we might call up some sin  
Don't break your promise  
Need what you offered to me.

Take this asks  
Don't wanna give in,  
The moment's like settle ?? in  
Don't break your promise  
Need what you offered.  
Need what you offered to me.

(Harmonica strings)

Let go, over me  
Under you, make my queen  
Turn this on, cause ? inside  
Turn this on, killing me inside.  
Don't break your promise  
Need what you offered.  
Don't break your promise  
Need what you offered  
Need what you offered  
Need what you offered to me.

(Harmonica strings)
