Songs ain't jealous,  
Apologies and shame  
Please other few things I think about on Tuesday night.  
But it's real, come Wednes  
Nothing seems to change  
Same excuses I use at night  
When you are around.

chorus:

Well I'm tired of all people I tried saving  
And I've tried to be the hero  
After dawn.  
But this song I won't play it  
Not on the radio  
So I grab the steer guitar  
To sing it my own.

(guitar strings)

chorus:

Well I'm tired of all people I tried saving  
And I've tried to be courageous  
After dawn.  
But this song I won't play it  
Not on the radio  
So I grab the steer guitar  
To sing it my own.

Yes, I grab the steer guitar  
To sing it my own.  
Yes, I grab the steer guitar.

(Oh oh oh ooooooh  
Oh oh oh ooooooh  
Oh oh oh ooooooh  
Oh oh oh ooooooh)
