Higher than the sky above you
Clearer than blue
Brighter than the rays of sunshine
Warmer than what you feel
More than all the wonders you see
It's the most wonderful thing

Brighter than the living colors of flowers you see
Sweeter than the touch of water
Flowing from the mountain spring
More than all the wonders you see
It's the most wonderful thing

One love...
I love you so
Love is the beautiful one
I love you so
Love is the beautiful one
All we need is love
Real love

Marvel at the sight of green fields
Amazingly seen
Watch the colors of the rainbow
It's a miracle you see
More than all the wonders can be
But there's more than that

One Love...
I love you so
Love is the beautiful one
I love you so
Love is the beautiful one
All we need is love
Real love

Greater than what you can feel
More than what you ever dreamed
This is better than your everything

One love...
I love you so

Love is the beautiful one(8x)
All we need is love
Real love
