What are they gonna do about us  
What are they gonna say  
I don't think they'll ever do without us  
And I think that's why we're going away  
And it's cold outside on the street  
But it's warm in the back of the taxi  
And I think paradise is too crowded for people like you  
and me

No boys are asleep  
We're always there  
Yeah in the back of the car, we're almost there  
Don't worry now dear I'll pay the fare  
Just tell me a place and I'll take you there  
And scream for me Baby Jane, don't sleep on the  
central station  
Just wait for me

And you wanna ride shotgun tonight  
Put your head out the window and watch the lights  
And tell the driver to turn the music up  
We're almost there but we'll never ever stop
