Once I dreamed
That 7th street was the place for me
But I ended up on Maujer St
And them bridges are too long
The subway too scary to get on
And when the city screams
It's never gonna get the best of me
It'll never make me disagree
On the things that I've done
It's a too little hole to fit me in

(Cuanto romantico l'Il ragazzo, adorabile)

Some people read
But they never get the full idea
They never get beyond cliches

And I wish I was one of them
Yeah I was I could be troubled by the same things
then I could sleep through all those
anti-intellectual speeches
Through all the subway screams in this city
All the fuckers that'll be your friends
All the fuckers eating out on places to fit in

And I could scream
Cause who cares about the city of dreams
Who cares if it's not up for me
When the thunder road will come
I'll be up for the challenge,
I'll be travelling on
