Oh darling you know I don't celebrate new years every
Cause expectations are high and nothing ever seems
to suit me
But darling we can stay at home and watch a lousy
comedy
We've been through all those get togethers through the
years
And who really cares about me

And everybody knows I'm still dreaming of NYC
That all I want for christmas is a ticket for you and me
The tree at Rockerfeller should be something special
So they say
Well all those silly movie got me to believe that anyway

So may your heart be light
May your troubles be out of sight
And wish me good luck for a merry christmas now
And have yourself a merry christmas now
