I fear for you
And wonder where your heart has been.
You are not the same.

I miss you
The older you so brave and free
Free from hurt and pain.

Chorus:
And how could this be
You're so far from me.
And how could this be?

Can't you see?
I'm here for you if you will need me.
I'm here to help you through.

Don't feel sad
I miss what we once used to have.
When we used to laugh.

Chorus

And now I fear you'll never be the same
Again.
