It's so hard to find you  
It's so hard to keep you  
It's so hard to lose you again

It's so hard to feel you  
It's so hard to read you  
It's so hard to do this again

It's a game we play  
It's a heartache in the making  
And we can't escape this maze  
All the same mistakes  
The rules we keep breaking  
It's a game, it's a game, it's a game we play  
It's so insane

It's so hard to see you  
It's so hard to believe you  
It's so hard to hear you again

It's so hard to love you  
It's so hard to hate you  
It's so hard to be here again

It's so insane  
Will it ever change?  
Will we ever get back on the same page?
