Iâ€™ve put notes in your locker
With my name and my number
Iâ€™ve got my phone in my pocket
Maybe it broke when I dropped it
Iâ€™ve changed my hair and my outfits
Worn things I absolutely hated
Anything to get your attention, Boy.

Whatâ€™s a girl gotta do
To make you notice me
To make you finally see
That that other girl youâ€™re kissing
Is just time with me youâ€™re missing
Whatâ€™s a girl gotta do
To make you realize
If you look in my eyes
Iâ€™ll be all the everything you ever
Or ever need
Iâ€™ll be a better dream come true
Whatâ€™s a girl gotta do

Sheâ€™s got you wrapped around her finger
You donâ€™t even know you donâ€™t need her
Short skirts and overdone makeup
Iâ€™m betting youâ€™re gonna break up
Then youâ€™ll need a shoulder to cry on
Someone you can rely on

Iâ€™m gonna stand in the moonlight
And count to ten
And if that doesnâ€™t work, Iâ€™ll do it again
â€™Cause I really wanna be much more than your friend
