Verse:

You're out of control
there is no excuse
why are we afraid?
you didn't say 'I'm sorry'

The time has come
I want a change of pace
your attitude's enough
you know I'm not sorry

What would you say if I told you, you were wrong? x2

Chorus:

"Screw you man, you don't know anything
you're so selfish, I'm so perfect"
"Screw you man, I want my own way
I know what is right, cause I do what they say"

Bridge:

I told you, you were wrong

So here's to you
and the rest of your life
you know that I care
I won't say goodbye

Good luck to you
with all of your pride
your thinking is wrong
I won't waste my time

Chorus
