Chorus

Ah we ah mash it up
Ah we ah mash it up (echo)

Hook

Ah we ah mash it up, as we let-off, an make ya hot girl
Ah we make ya sweat until ya can't take it no more
Ah we ah take it to a higher level, transcendental
We "climaxitize" ya with dis music that we drop

Verse

Just like da man with no name
For a few dollars more than da fistful I got -
It's time for us to play games
You strip, I watch, you dance, I pay
Dis'a how we start da foreplay
With music that rock, feelings'a get hot
Dis game I like, mutually we gain
If you didn't know, DessyD is my name

Verse

We raise da roof & you came -
Looking for da best dance to rock da club
& we a'start mash it up in a styley rub-a-dub
Only thing that matters when I say "what's up?"
Speakers, I think, can't take any more strain
Musics thumping, then your body start sway
You just wouldn't want it any other way
Da music that we play, gonna drive ya insane
Euphoria remains, afterwards it re-occurs
A we'a take-over girl, emotions will be stirred
