Ooh ah ooh la la
I know what you need
Ooh ah ooh la la
I can stop a bleed
Now I can fix a broken bone but not a broken heart
That's just a shot in the dark

Ooh ah ooh la la
Tell me where it hurts
Ooh ah ooh la la
Is it getting worse
Now I can bring you back to life but matters of the heart
That's just a shot in the dark

I can give you smoke and mirrors baby
I can put to sleep your fear and crazies
Wake you up when you are good and ready
This can only last so long before your love is up and
gone

Ooh ah ooh la la
Chemistry is pure
Ooh la ooh la la
But nothing is for sure
See I can mix a miracle but matters of the heart
That's just a shot in the dark 3times
