[Hook: Jinyeon]

Love, is stronger than all
With love, the memory won't fade
Love, love conquers all
Love, will mend our broken hearts

[Verse 1: b-Rabbit]

2010, that was when you went up inside of Heaven
Three years later, we haven't forgotten yo face
And "48 Hours" later, we're reminded of that murder case
The tears shed, the hugs embraced, the moral support all over the place
I wish that this whole ordeal could just be erased
Maybe if I had a time machine, bring her back, nice and clean
A young girl, only seventeen stolen from the Valley that I call home
I never knew her on a personal level but her absence touched my heart and 32,000 others
Every brother's mother showing love for one another
Sporting the Wenatchee, purp and gold, Panther colors
We all miss her since she was taken away but we don't have to be afraid
Justice was served and this kind of crime won't be happening again
To her family, Mr. and Mrs. this one's for you
My heart goes out to you, that's true
I'm just sorry this song is past overdue
From a lonely MC of the Red and the Blue
I send you my love!

[Hook: Jinyeon]

Love, is stronger than all
With love, the memory won't fade
Love, love conquers all
Love, will mend our broken hearts

[Verse 2: b-Rabbit]

2011, that was when you went up inside of Heaven
Two years later, you haven't left our thoughts
I look across the river, up the hill to the lit up cross

It reminds me so much of the loss that cold November day
I day that we all still remember
When we blamed that one staff member
But this isn't a blame game, that's not my aim
I'm just here to proclaim and rap in the memory of
The young man who was his mother's baby
And I know how tough it is to see a loved one buried
And maybe it's kinda crazy
Maybe it's a little shady
But self-consciously I saw him as me
I was one year older, same grade, I can't swim
All I could think was "Damn, that could be me"

That's why I'm writing this one, because when he passed, I swear I died a little myself
So this is my reminder, be a fighter and if you lose the one you love, don't mourn, rejoice!
Because they're up there in Heaven, smiling down on you, showering you with love

[Hook: Jinyeon]

Love, is stronger than all
With love, the memory won't fade
Love, love conquers all
Love, will mend our broken hearts

[Outro: b-Rabbit]

Dedicated, to the memory of Miss Mackenzie Cowell
And to Mr. Antonio Reyes
Trials & Tribulations
We'll never forget you
