First things first. I knew I'd miss you but I thought I
could write it out.
Little did I know, that you'd be running away with my
heart somehow. I can't
Tell you the way that it feels when I think of how it all
went down. Ten
Missed calls on your telephone, I wish that you would
just hear me out.

I never thought I would give it away but it's a little too
late and my
Hearts long gone.
I never thought I'd see the day you'd be walking away
but I was wrong.

This is just a love letter. I'm writing you to tell you that
I've been
Better. I'm writing you to say that it was all I had. And
I'm never gonna
Get you back. A stupid little love letter, I know it's never
ever gonna get
Better. I'm writing you to say that it was all I had. And
I'm never gonna
Get you back yeah yeah now

Three little words. I wish that I'd never heard, cause
now I can't even fall
Asleep, you said forever and always, you and me, and
now it's driving me
Crazy how we don't even speak.

I never thought I'd give it away but it's a little too late
and my hearts
Long gone. I never thought I'd see the day you'd be
walking away but now
You're gone.

This is just a love letter. I'm writing you to tell you that
I've been
Better. I'm writing you to say that it was all I had, and
I'm never gonna

Get you back. A stupid little love letter. I know it's never
ever gonna get
Better. I'm writing you to say that it was all I had. And
I'm never gonna
Get you back

I'm holding on till I can't any more. It's nothing that
you've never heard
Before, I hope you know I mean it. Well please believe
it.

This is just a love letter. I'm writing you to tell you that
I've been
Better. I'm writing you to say that it was all I had. And
I'm never gonna
Get you back. A stupid little love letter. I know it's never
ever gonna get
Better. I'm writing you to say that it was all I had. And
I'm never gonna
Never gonna gonna get you back

No I'm never gonna get you...
I'm never gonna get you...

This is just a love letter. I'm writing you to tell you that
I've been
Better. I'm writing you to say that it was all I had. And
I'm never gonna
Get you back.
