I'm still right here beside you
But this feels different
I cannot seem to find you
Your eyes are so distant
Let's change whatever you're dreaming
And live it here with me

[Chorus]
Come drifting back to me
Where your eyes meet with mine
Come drifting back to me
Let's live this moment and steal time

I feel you moving closer
Right you're meant to be
It just takes the right moment
To bring you back to me
Let's change whatever you're dreaming
And live it here with me

[Chorus]
Come drifting back to me
Where your eyes meet with mine
Come drifting back to me
Let's live this moment and steal time

So when I find you searching
It will be so quick
My yearning will remind you
And beg to me hold you
So let's steal time

[Chorus]
Come drifting back to me
Where your eyes meet with mine
Come drifting back to me
Let's live this moment and steal time

[Chorus]
Come drifting back to me
Where your eyes meet with mine

Come drifting back to me
Let's live this moment and steal time
