Who can calm the savage rage  
Who can take the road of Fae  
And who can halt the feeling of pain  
Cause I can, I can, I can  
I can

Oh oh, oh oh oh  
You gave your heart but I want your soul  
Oh oh, oh oh oh  
I think I love you can I kill you some more?  
Oh oh, oh oh oh  
You lit a fire then I left you cold  
Oh oh, oh oh oh  
I think I love you can I kill you some

(Kill you some)

Here it's just a bitter strait  
And here you're just a bird of prey  
Here it's just a plea for play  
So I wait, I wait, I wait  
I wait

Oh oh, oh oh oh  
You gave your heart but I want your soul  
Oh oh, oh oh oh  
I think I love you can I kill you some more?  
Oh oh, oh oh oh  
You lit a fire then I left you cold  
Oh oh, oh oh oh  
I think I love you can I kill you some more?
