I feel the wetness of her tongue  
that slides across my skin  
the viruses crawl over me and feel for some way in  
cassie loves to swallow  
this bleeding will not stop  
I left cassie hollow  
cut you with my cock  
cassie likes it in her hand  
cassie's dead inside  
I came to fuck the open wound  
so hold it open wide  
cassie loves to swallow  
this bleeding will not stop  
I left cassie hollow  
cut you with my cock

take me into the ocean  
lay me out on her shore  
wake me when the sun burns out  
and we'll run forever more  
we're all gonna die tomorrow  
the freaks are screaming burn it down  
she can't feel the weather  
I can't touch the ground  
pale and twitching,  
twisting to the cold dance  
watching the room grow old  
a funeral romance  
somewhere, someone's screaming that the world's  
gone  
smear me with your blood  
and let these dead boys play their grave songs  
suck  
slide across the warm red floor  
to meet me  
lock the bathroom door before they crawl  
to eat me  
cut her throat  
and whisper that we're going home  
twitching to the cold dance  
they suck the meat from her bones

suck  
suck  
suck
