"She came towards me, and with the light like it was,  
the like light of heavenly grace, and the first thing that  
flashed into me gulliver was that I'd like to have her  
right down there on the floor with the old in-out - real  
savage."

I feel the wetness of her tongue that slides across my  
skin

The viruses crawl over me and feel for some way in  
Cassie loves to swallow, this bleeding will not stop  
I left cassie hollow, cut you with my cock

Cassie likes it in her hand, Cassie's dead inside  
I came to fuck the open wound, so hold it open wide  
Cassie loves to swallow, this bleeding will not stop  
I left cassie hollow, cut you with my cock

Show it to me, spread your legs  
Don't you fucking look at me  
Show it to me, spread your legs  
You are so fucking suave  
Let's fuck!

Take me into the ocean, lay me out on her shore  
Wake me when the sun burns out and we'll run forever  
more  
We're all gonna die tomorrow, the freaks are  
screaming burn it down  
She can't feel the weather, I can't touch the ground

Pale and twitching, twisting to the cold dance  
Watching the room grow old, a funeral romance  
Somewhere, someone's screaming that the world's  
gone  
Smear me with your blood and let these dead boys  
sing their grave songs  
Suck

Slide across the warm red floor to meet me  
Lock the bathroom door before they crawl to eat me  
Cut her throat and whisper that we're going home

Twitching to the cold dance, they suck the meat from  
her bones  
Suck, suck, suck
