[Verse 1:]

In one minute all is changed  
You open letter from Death itself  
And you choose the way from this hell  
To another secret free realm

[Verse 2:]

When night conquer all the land  
And voice of Death once again  
Still loudly speak in tired brain  
You take rope and say Â– farewell

[Chorus:]

The story is complete when you read

Letters from the dark  
The ancient mystic scripts known as  
Letters from the dark  
The creed grows within when you read  
Letters from the dark

[Verse 3:]

Now lonely body toss in wind  
On the shoulder of a mighty tree  
And now question awaits him  
Are you now really free?
