So another man says that he can't compete  
That he can't love a moving target  
So another affair gets an incomplete  
Well it's time to adjust my plan

Cause when I'm up there on the silver screen  
I can make the whole world want Norma Jeane  
So I can't have the love of a single man  
But a million or more, well that I can

Fade in on a girl with a hunger for fame  
And a face and a name to remember  
The past fades away because as of this day  
Norma Jean's gone, she's moving on

Her smile and your fantasies play a duet  
That will make you forget where you are  
The music starts playing  
It's the beat of her heart saying  
Let me be your star

Flash back to a girl with a song in her heart  
As she's waiting to start the adventure  
The fire and drive that make dreams come alive  
They fill her soul she's in control

The drama the laughter the tears just like pearls  
Well they're all in this girl's repertoire  
It's all for the taking  
And it's magic will be making  
Let me be your star

I'll just have to forget the hurt that came before  
Forget what we should be  
The past is on the cutting room for me  
The future is here with me  
Choose me

Fade up on a star with it all in her sights  
All the love and the lights that surround her  
Someday she'll think twice of the dues and the price

She'll have to pay (she'll have to pay)  
But not today (but not today)

Then she'll do what she can for the love of one man  
And for millions who look from afar  
I'm what you've been needing  
It's all here and my heart's pleading  
Let me be your star
