Time over

When you told me everything was over

It was hard to accept your words

I didn't realize what you wanted

Now I know what I failed

Seeking for memories

Trying to find mistakes

All the pieces of my broken heart

Show me all what a did wrong

And I know we shared the best moments

I don't have any complaints

Because together learn about love

And I know

That is hard to believe time is over

That is hard to believe that we lost

Despite of time distance and love

I must go on

I regret about things I didn't do...

If I could fix the past that we lived...

If I'd said the words I didn't say...

Maybe now it does someone else

And I know we shared the best moments

I don't have any complaints

Because together learn about love

And I know

That is hard to believe time is over

That is hard to believe that we lost

Despite of time distance and love

I must go on
