We've grown closer everyday
and deep down inside your heart
do you feel the same since i met you baby
no one's ever more on my mind, yeah

All this love i have for you
just get's better in time
like a rainy afternoon
or the sweet tastin' wine
and when i look into your eyes
i'm lost in your storm

can you feel my body tremble
when you walk through the door

Chorus:
I've got you deep in my soul
inside your heart you should know
i'll be there wherever you go
if there's one thing i know
i've got you deep in my soul

now if you ever feel down
and i'll just call my name
for as long as we're together
(i'll protect you from the pain)

if darkness ever held the sun
baby you and me, baby one on one
oh i knew that day, love was here to stay...

Repeat Chorus

Cmon...
Adlib:

And when i look into your eyes
i'm lost in your storm...

I've got you deep in my soul
inside your heart you should know
i'll be there wherever you go

if there's one thing i know
i've got you deep in my ...

I've got you deep in my soul
(got you deep in my soul)
i'll be there wherever you go
if there's one thing i know
i've got you deep in my soul
ohhh...
