Under a black light, way down a back street
I am there, I am watching you
You might feel something, you will see nothing
But I am there, I clear the way for you

Last night I dreamed your eyes were my eyes
Your big browns over top of my muddy colours
And when I woke I saw the stars in your head
And I knew that you were for me
I wear your eyes and I don't see any others

Over an ocean, under the same sun
You are here, you are keeping me
Under a feeling, over a fire
I let it burn, it clears the way for me

Last night I dreamed your eyes were my eyes
Your big browns over top of my muddy colours
And when I woke I saw the stars in your head
And I knew that you were for me
I wear your eyes and I don't see any others
