You got a skinny grin  
You got a pint of gin  
Try behind that rose  
You got a face I want  
You got a face I want  
Gotta punch that nose  
Look at the way you stop  
Look at the way you stop me

You got a skinny grin  
I want to take it in  
Were it aimed at me?  
Look at what you stop

You got a secret eye  
You got a reveille  
That no-one knows  
You got a taste of a sin  
Like to drink it in  
Take it nice and slow

Look at the way you watch  
Look at the way you watch me

You got a secret eye  
You got a battle cry  
Was it screamed at me?  
Look at the way you watch

You got a skinny grin  
You got a pint of gin  
Try behind that rose  
You got a face I want  
You got a face I want  
Gotta punch that nose  
Look at what you stop  
Look at what you stop

Look at what you stop
