Heading the same way as before, still clearing
spaceÂ...
It's not the same game anymore; I can read it off your
face

Why can't we all just look at what's indelible
From ashes to ashes is what's incredible
Run hot don't elevate it till it's credible
It's not what I'm used to saying

I've been running around but I feel no pain, for
anything anymore
Just to cause us to try to explain, what's all and what
ever is
Cryin alone you gotta show restraint, that's something
I'll never know
I feel young but I'm afraid to die

Grating away at the unchangeable, just another wasted
day
Hope lies in duties waiting call, you better pull your
weight

Running through a tangled mess in mexico
And I'm asking why the show isn't in stereo
While acid helps alleviate the visible
It's time you met your craving

I've been running around but I feel no pain, for
anything anymore
Just to cause us to try to explain, what's all and what
ever is
Cryin alone you gotta show restraint, that's something
I'll never know
I feel young but I'm afraid to die
