Vanity vanityÂ...youÂ're stretching my insanity sanity

Ohh vanity vanityÂ...youÂ're stretching my insanity
sanity

Birds stand in line just a time I can suppose IÂ'm close
The person that defines my allegiance to control the
flow

Twisted stage lining
Searching never finding
But we try againÂ...

Vanity vanityÂ...youÂ're stretching my insanity sanity

Ohh vanity vanityÂ...youÂ're stretching my insanity
sanity

Arrive just in time but you always miss the show, let go
When winter makes you cry by the by youÂ're all alone,
you know

Cringing chastising
Feel my love dying
Here we go againÂ...

Vanity vanityÂ...youÂ're stretching my insanity sanity

Ohh vanity vanityÂ...youÂ're stretching my insanity
sanity

If I changed at all, itÂ's not exactly what I meant
IÂ've got pain to solve, and itÂ's taking over me
If I missed the call, I never knew what I could give
IÂ've got pain to solve, and itÂ's taking all my years

Vanity vanityÂ...youÂ're stretching my insanity sanity

Ohh vanity vanityÂ...youÂ're stretching my insanity
sanity
