### "Hot Lava"

Don't touch the ground, 'cause it's...  
Hot, hot lava.  
You can't, even go  
On your... tippy toes.

Don't touch the ground, 'caz it's...  
Hot, hot la-va.  
You CAN'T, even go  
On your tip, tip, tippy toes!

If you drop your tricorne hat, don't...  
Pick it up.

Unless you've got a  
Ten-foot pole and...  
Protective gloves.

When I say it's hot, I MEAN it's...  
Really hot.

It could take a mill-yan years before that it is not.

You can't bova (bother)  
With hot lova  
It's way too hot to step upon.  
So, swing and climb from vine to vine  
Like a mon-key does it all the time.

Hot la-va! (x3)

...It's real hot!
