There's no sign of love  
I can see the faces  
Underneath the smile  
Everyone's alone

And they don't believe you so  
No, they won't believe you, no  
We are the only ones  
That won't let go

Get somebody else to  
Tell you how you feel inside  
Let it go, let it go

This seems so surreal  
Keg of empty promise  
Constantly I feel  
Shaking in my bones

And they don't believe you so  
No, they won't believe you, know  
Am I the only one  
Who hurts my soul

Get somebody else to tell you how you feel inside  
And you let somebody else drag you down  
Don't fake it all, don't fake it all

You're the leader in the basement  
Let it go, let it go

I'm a fool at heart  
I'm weighted up against  
The cruelest of hearts  
I'm weighted up against

I sing sweet again  
I sing sweet again  
I sing sweet again

Don't feel bad  
Do what you want no, no

I want to believe you so  
Do what you want no, no  
Why should I feel so bad  
We're keeping it no, no...

Get somebody else to tell you how you feel inside  
And you let somebody else drag you down  
But don't fake it all, don't fake it all  
You're the leader in the basement  
Let it go, let it go
