Tell me what we're doing here
Today is the tomorrow
And yesterday I feared
You're force-feeding us white lies
Pulling strings on my back
I should've known from the start nothing good ever
lasts

The end is gonna come
(It's starting, it's starting, it's starting)
And where it started from

Faded, there ain't nothing left
Clouds crop this city
And all the widows wept
I've got my hands and feet tied
You've got your foot at my back
I should've known from the start how my body would
act

If all alone it came to me
Now I'll surely believe
If all alone it came to me
My love, you'll see
