I'm lighting matches off of you
I'm burning bridges all for you
Their fires made a perfect view
Of what seemed to be your mouth

I'm letting loose
Just one regret
The two of us
The two of us
Never looked so bad
Never looked so bad...

I watched the changes
I watched the changes
Through your eyes
Like a movie of my life
I watched the changes
I watched the changes
You don't know
The half of it

I'm lighting matches of off you
And building changes all for you
Their fires made a perfect view

Of what seemed to be your mouth.

I'm letting loose
Just one regret
The two of us
The two of us
Never looked so bad
Never looked so bad...

I watched the changes
I watched the changes
Through your eyes
Like a movie of my life.
I watched the changes
I watched the changes
You don't know

The half of it

God this makes me sick to say,
Letting loose one more regret
The two of us
The two of us
Never felt so right
Never felt so right...
