Summer

It's been three years since I last saw  
that lonely smile.

Bound to be a thousand more  
'till I can find.

A face I long as much as yours  
Mi hermosa.

Oh ohh

Never

would have thought you'd catch my eye  
across the room

Broken English, a goodbye  
that came too soon.

Who needs words.

When you reply  
con su cuerpo?

I've been stuck

on you foreign eyes.

They have struck for better

We put our lives on our shoulders,  
but these arms are too weak to hold us.

Dreaming

'bout some drunken melody  
you sung before.

Verses beautiful and strange,

I love that song.

I am strong beneath the fold  
of all that flies.

Chorus (x2)

Haven't found all that I'm looking for.

Lost your ghost somewhere in Samana

I run my finger across windows to trace

all the outlines that make up your face

Haven't found all that I'm looking for.

Lost your ghost somewhere in Samana

Try and try there's no use to pretend,

all i want is to see you again.

Sing into the moonlight  
Who could ask for more?
