Well this morning was the first time
That I woke up to the sunshine
Instead of lying in the silence of the dark
All the sadness hasn't left me
My glass is still half empty
I'm not at a place when I can trust my heart
But I will be
Yes I will be

(Chorus)

I will be that innocent believer
I will see forever in my dreams
There's still some healing left
I'm not over you quite yet
But this voice inside my head is tellin' me
That I will be

There's a few smiles in the mirror
And the sky's a little clearer
I'm not takin' my umbrella everywhere
And the pain that's slowly fading
Gives me hope a new life's waiting
And let's me know that even though I'm still not
there, that
I will be

(2nd chorus)

I will be livin' for tomorrow
I will see yesterday is gone
There's still some healing left
I'm not over you quite yet
But this voice inside my head is tellin' me
That I will be

I wish that I could snap my fingers
And the past would vanish in a puff of smoke
Right now this heartache wants to linger
But I'm learning to forget
I'm starting to let go
And some day I know

(3rd chorus)
I will be open to forgiveness
I will see the good in what we had
There's still some healing left
I haven't gotten there quite yet
But this voice inside my head is tellin' me
That I will be...yes I will be
