Watch my feet as I walk away
And I told you that, yeah I told you that
'Cause of three words you never could say
And I told you that, yeah I told you that
I'd be gone in less than a minute, yeah

(Chorus) My love was infinite-finite-finite
But it never found a home
Oh I had to quit it, quit it, quit it
I was tired of being alone
Love doesn't work if it's not received
Baby I had no choice but just to leave
I was moving too fast, we are better in the past

A little give and take is all we were
And I told you that, yeah I told you that
But devotion's something I deserve
And I told you that, yeah I told you that
We were done in less than a minute

(Chorus) My love was infinite-finite-finite
But it never found a home
Oh I had to quit it, quit it, quit it
I was tired of being alone
Love doesn't work if it's not received
Baby I had no choice but just to leave
I was moving too fast, we are better in the past

I'll trust myself again
Forget the things you never said
Look back on this as good instead
And your name won't be running through my head
Always (always)

My love was my love was infinite-finite-finite
Oh I had to quit it, quit it, quit it

(Chorus) My love was infinite-finite-finite
But it never found a home
Oh I had to quit it, quit it, quit it
I was tired of being alone

Love doesn't work if it's not received
Baby I had no choice but just to leave
I was moving too fast, we are better in the past
