Gave you my heart & soul, yeah I play the role
Tell me how could you not know?
Gave you my precious time, you take it, fine
But where is this gonna go?

So let me tell you

(Chorus) Take a look right now, do you notice me?
Because I notice you think that we could be rocking like
Stars in the night sky hollywood drive by
Top down you & I, let's give it a try

Gave you a part of me no one's ever seen
Took my slate & you wiped it clean
Swallowed my fears my pride, still you step aside
And we're stuck in the same routine

So let me tell you

(Chorus) So take a look right now, do you notice me?
Because I notice you, think that we could be rocking
like
Stars in the night sky, hollywood drive by
Top down you and I, let's give it a try

I've never had a feeling bring me to my knees, hope
that clarity is on your
Side and you'll see
That this thing is so perfect, if we falter it's tragic
Fate has spoken and I know it's meant to be
It's meant to be

(Chorus) So take a look right now, do you notice me?
Because I notice you, think that we could be rocking
like
Stars in the night sky, hollywood drive by
Top down you and I

Go ahead and look, look, look at me
When I look, look, look at you
Stars in the night sky hollywood drive by

Top down you and I, let's give it a try
