I am selfish, I am wrong
A broken record looking for a different song
I am weak & I am vein
In pursuit to find a nobler kind of name

And when I'm weak, I am strong
But I'll rest here in your grace 'cause you have loved
me all along

(Chorus) That's when love comes down even when
You don't have the strength to move, well everyone's
broken
Only canvas now, a piece of art to be complete
Here I am kneeling, here I am kneeling at your feet
Here I am

So I won't speak, shut off my mind
'Cause in the chaos there's serenity to find
You take me now, for who I am
And all the scars prepare me for a better plan

Erase every blemish, it's a new dawn
And though I'm clouded with self-doubt
I've been worth it all along

(Chorus) That's when love comes down even when
You don't have the strength to move, well everyone's
broken
Only canvas now, a piece of art to be complete
Here I am kneeling, here I am kneeling at your feet
Here I am

We hold these truths to be self-evident
Seems evidently I'm a mess
And by your mercy I am blessed
I'm a wreck but I confess
I will stand now in your name and nothing less

(Chorus) That's when love comes down even when
You don't have the strength to move, well everyone's
broken

Only canvas now, a piece of art to be complete
Here I am kneeling, here I am kneeling at your feet

When the love, when the love comes down
It's comin' down, it's comin' down, it's comin down
Here I am
