I would have left you long ago if I had of known that
I was your second best,
Not knowing you were that kind of guy,
who would make up these lies, and put my patience to
the test,
If I only knew you had a girl there in line,
and in the back of you mind, you were dying to get with
her next,
I would have shown you who was the boss,
and that this was your loss. You better clean up this big
mess.

I thought we could have been that boy and a girl,
who would live in a world of fun and excitement and
bliss. But you were wrong and I was right once again,
it was all just pretend, it was never meant to be like
this.

Well maybe next time I'll have to draw that line.
And I'll realize that most boys are just typical guys.

So just go and do what you've gotta do,
my works done here with you, we're drifting farther
and farther away.
Just realize that this won't work out and this is the
way it's gonna have to stay.
At first you seemed like such a good guy,
who would hug me good-bye, but would never want to
let me go.
Now there's a new girl in the picture you see,
who you like more than me, now this I could bluntly see.

I thought we could have been that boy and a girl,
who would live in a world of fun and excitement and
bliss. But you were wrong and I was right once again,
it was all just pretend, it was never meant to be like
this.

Well maybe next time I'll have to draw that line.
And I'll realize that most boys are just typical guys.
(Repeat)

Just typical guys, I've come to realize.

Thanks to Typical - By Candace Leca
