Our homes were burned,
Our lives destroyed
An evil unknown churned,
Our soldiers were deployed We plunged in,
We survived the battle
Poised to win,
We would embattle Honor, valor
Loyalty, together we rise
Forward unto our fates
Forward unto victory They struck at night,
A force unseen
We faced the plight
With senses keen Forever strong,
Within our brother's arms
The war, lifelong
We make sure nothing harms Honor, valor
Loyalty, together we rise
Forward unto our fates
Forward unto victory Their intentions were revealed,
Our lives at stake
We marched toward the battlefield
Unto our fate The field was stained,
That cold, harsh summer night
Nothing explained,
We were just forced to fight Honor, valor
Loyalty, together we rise
Forward unto our fates
Forward unto victory Our ammo low, more troops
deployed
The battle was long, lasted days
Innocents lost, families destroyed
Is this the price that our war pays? Casualties reaching
higher
Mothers and fathers woe
A brightly burning fire
Soldiers march row by row Honor, valor
Loyalty, together we rise
Forward unto our fates
Forward unto victory

Submitter's comments:Â I wrote a song, and I wanted it translated into Latin because yes.
