I don't want to go, I have to go
It was only half a lie
But now the Karstarks finally blew their horns
We can wait no longer
The scarlet victory, we'll deny We ride with Robb and
Grey Wind
At the head of the Serpent
Proud Tully's face, but still his father's child As we
march down the King's Road
With fury in our hearts
We march down the path that will lead us to war Face
the gates of Ser Frey Late
Because the fate of the future lies therein
At all cost we must pass The Twin Did you teach him
wisdom as well as valour, Ned?
Did you teach him how to kneel?
Now the time of wooden swords is over
Father time will soon reveal For good or ill, I threw the
dice
To cross the Fork and pay the price
Do I have a choice? No you can't refuse!
Then I solemnly consent to my own sacrifice And once
again, we march without end
With Robb and the Grey Wind
At the head of the Serpent
Proud Tully's face, but still his father's child As we
march down the King's Road
With fury in our hearts
We march down the path that will lead us to war
Face the gates of Ser Frey Late Because therein lies
our fate Submitter's comments:Â Lyrics taken from
