And the story ends  
Insanity said coldly  
Still waiting for the chance  
So out of nowhere it will rise  
Oh, and another journey starts  
By the call of the moon  
Was it really me  
I saw in the mirror screaming  
I swallowed hate and lies  
Through a thousand cries  
Someone's sucking out my energy

Bridge:  
What can I do  
On this road to nowhere  
Heart of dragon lies  
At the edge of time

Ref.:  
And the story ends  
Insanity said coldly  
Still waiting for the chance  
So out of nowhere it will rise  
Oh, and another journey starts  
Into insanity's claws

Come with me and join me  
A new life's waiting for you  
Jump through the mirror  
Leave fear behind  
No matter where I tried

The candle light seemed  
Lost forever  
Before my vision fades  
-cathedral  
-falling tears

We're not alone  
There's someone else, too  
From the mirror's other side

Reflecting the cruel part of your soul  
It's time for your choice

Bridge

Ref.:  
And the story ends  
Insanity said coldy  
Still waiting for the chance  
So out of nowhere it will rise  
Oh, and another journey starts  
By the call of the moon

(Solo)

Heart of dragon lies

Bridge

Ref.(1st)

I'm not a king  
I'm just a bard  
How can I trust  
If there's good and bad  
The wounds of life  
They will remain  
At least I found a friend
