[Lyrics: Anubhav, Music:Vikas, Anubhav]

I am here in this cradle of my misery  
Lying beyond the all ecstasy  
My words betray my sorrow  
To search this tunnel till it's hollow

[Chorus:]

What do we see?  
(Pain)  
What do we do?  
(Run)  
Where do we go?  
Where do we go?

Run now, you must dieÂ...  
Lye down, Must face the skyÂ...  
Hour Glass is running high

It's your Hour Glass Misery

Fight Now, before it's comes down,  
Hide far, before it figures you outÂ...

[Chorus:]

What do we see?  
(Pain)  
What do we do?  
(Run)  
Where do we go?  
Where do we go?

Here you areÂ...  
Inside your very ownÂ...  
Cage  
Made by your very ownÂ...  
Ghouls

Now run, where can you go
