Here we lie gazing the eternal ecstasy  
So near, yet so far beyond our grasp  
See nothing that's closer than you think  
Hold it's tail, and move behind, go where is all beyond  
mankind.

We see memories walking by  
We see the demons ignoring me  
We see the angels extend their arms  
We say goodbye to all that came our way

Wake up... and find the truth  
Wake up... from illusion  
Too cruel... yet too true  
Too cruel... yet so close  
In Ashes... they remain  
From ashes... they rise  
Oh mirror... oh mirror  
Who is the sanest of us all

Frightened by dreamy nights unholy nightmares follow  
You pray to god, the lord of thunder and demise  
Night's awake, demons crawls, I wait for lies that live  
beneath you.

Cry denial, meet demise, a sweet pain that binds us all  
to death.

We see memories walking by  
We see the demons ignoring me  
We see the angels extend their arms  
We say goodbye to all that came our way

Wake up... and find the truth  
Wake up... from illusion  
Too cruel... yet too true  
Too cruel... yet so close  
In Ashes... they remain  
From ashes... they rise  
Oh mirror... oh mirror  
Who is the sanest of us all

A tender prey, tries to sway

Inflated are now their minds, I find  
Eats out my heart and soul, turning blind  
Stop this war!

A tender prey, tries to sway

Diminution in the skies left behind  
Perspiring pain and fear in their eyes  
Inflicting anguish
