Two divided by love can only be one
And one is a lonely number
Two divide by love can only be sad
Can only hurt one another, baby

Every night your tears come down
And I know how you're feeling inside
Loneliness is no ones friend
And I've been taking the same kind of ride
And it just shouldn't be if you're still lovin' me
Come on baby

Two divided by love can only be one
And one is a lonely number
Two divided by love can only be sad
Can only hurt one another

I'd be lying to myself
If I said I was getting along
All I do is think of you
And I know it is here you belong
Come on girl make your way
We can start from today--comin' back together cause

Two divided by love can only be one
And one is a lonely number
Two divided by love can only be sad
Can only hurt one another

Take away the rain from a flower
And the flower just can't grow
Take away your love from me girl
And out of my mind I slowly go
Out of my mind I slowly go

Two divided by love can only be sad
Can only be brokenhearted
Two divided and blue
Should take what they had
And go back to where they started

Two divided by love can only be one
And one is a lonely number
Two divide by love can only be sad
