My finger twirls  
Iâ€™m pulling hairs from my head  
Your 8 x 10 falls victim to my pen  
I never thought this would be us  
An open wound our sins will touch

[Chorus:]

This sweet disaster  
A thorn in my tongue  
Weâ€™re burning bridges  
And building new ones  
The best of both worlds  
Quarters my heart  
Weâ€™re no exception  
Youâ€™ll both have my love  
I canâ€™t stand the thought of losing you  
I canâ€™t stand up Iâ€™m broken  
Sheâ€™ll reach through my chest and mend my heart  
With a kiss that steals away my soul

[Chorus]

Hold me tightly never let me go  
Hold me tightly never let me breath  
For if I could speak I may say some things  
I thought Iâ€™d never mean

[Chorus]
