Picture your heart breaking, like a thousand times
before
Picture your hands shaking, you can't take it anymore
Picture your arms stretched out, trying to hold on
And then then a hand reaches to save you from it all

I've never been a fighter, no
I've always seemed to hold my own
So i'm not gonna try and fight this feeling anymore
When the walls hit the ground
Build 'em up tho watch them fall
You can take what is left
But the truth is that your love leaves me
Defenseless, defenseless, defenseless
Left me defenseless, defenseless, defenseless

Picture your heart mending,
For the first time you feel whole
Picture you fears ending
As you start to take control

I've never been a fighter, no
I've always seemed to hold my own

So i'm not gonna try and fight this feeling anymore
When the walls hit the ground
Build 'em up to watch them fall down
You can take what is left
But the truth is that your love leaves me
Defenseless, defenseless, defenseless
Left me defenseless, defenseless, defenseless

And i will let down my guard
Just to know who you are
So i'm not gonna try and fight this feeling anymore

Defenseless, defenseless, defenseless
I am defenseless, defenseless, defenseless

When the walls hit the ground
Build 'em up to watch them fall
You can take what is left

And forget about the rest
'Cause i will let down my guard
Just to know who you are
Defenseless, defenseless, defenseless
